

500 Sport Bridge

500 Sport Bridge

The Marquis 500 Sport Bridge packages the genius of Venice's renowned Nuvolari-Lenard Naval Architects together with the superior craftsmanship of Marquis, America's premier yacht yard. The result is a premium quality, highly engineered performance yacht with head turning, trend setting exterior and interior style.

The unique profile of the Marquis 500 Sport Bridge makes a very distinctive impression. The yacht's sweeping lines are the result of masterful application of Marquis' innovative 3-dimensional fiberglass tooling technology. The 500 Sport Bridge's superstructure, deck and hull are constructed from unified and integrated fiberglass components. Design technology and rigid construction specifications make this yacht not only great looking but incredibly strong. So strong that the Marquis 500 Sport Bridge is certified CE Class A – Ocean by the International Marine Certification Institute (IMCI). This is the highest rating for pleasure craft of this size and type. When it's time for adventure the Marquis 500 Sport Bridge is ready when you are.

500 Sport Bridge

The 500 Sport Bridge is a performance yacht. Take command. Advance the throttles. Feel the torque of the three powerful diesel engines bring the 500 Sport Bridge to speed. The hull has been designed, built and tested to take full benefit of the innovative Volvo IPS drive system. And, while powerful, this yacht is also very smooth and quiet so captain and guests can continue to interact while underway. There are multiple on-board environments. The fly bridge is a sun lounge's paradise. The salon, galley, cockpit and swim platform are on one, open level. The yacht's foredeck has a huge, comfortable sun pad. Day or night, fair or foul weather the 500 Sport Bridge is the perfect yacht for people who demand both style and substance.

Salon

The lower helm, galley, salon and cockpit of the Marquis 500 Sport Bridge are integrated into one open area that takes advantage of the yacht's 15'7" (4.7 m) beam. The helm seat is power actuated and adjusts to multiple contours. The custom salon table converts from dining to cocktail height with the push of a button.

Helm - Fly Bridge

The Marquis 500 Sport Bridge is equipped with both a salon helm station and a bridge helm station. Both stations are prepared to be equipped with a complete array of high tech navigation and communication electronics. The yacht's bridge also has multiple sun lounges and a serving table.

Master Stateroom

Fully furnished, the master stateroom provides privacy and comfort, spacious lockers and an excellent head compartment with en suite shower room with designer fixtures and marble flooring.

VIP Stateroom

A queen sized bed, illuminated by natural light from the cabin window will welcome your guests in a luxurious and intimate atmosphere. This stateroom has standing headroom, a walk around bed, hanging and drawer storage. Cabinets and bulkhead doors are hand crafted from finally finished zebrano hardwood.

Galley

The galley is an integral part of the yacht's salon deck. Cabinetry is finished in contemporary silver lacquer and granite countertops accent the chrome counter keepers and water fixtures. Above the stove is a custom crafted drawer for dining utensils. Brazilian cherry flooring is carried throughout the galley and salon deck.

Design Details

The cockpit service center includes a wet bar with bottle and glass storage and can be outfitted at the Marquis yacht yard with built in grill, ice maker and refrigerator. Cockpit sole, swim platform and side decks and bridge steps can be finished with planked teak decking.

NUVOLARI-LENARD DESIGN, MARQUIS YACHTS DEPENDABILITY.

Marquis is the creative product of naval design team Nuvolari-Lenard of Venice, Italy. Their distinctive visual signature is readily seen in the sweeping lines of a Marquis' exterior character. Yachts designed by Nuvolari-Lenard have a unique, distinguished personality that has become the desire of a global yachting society.

A vessel constructed by the American Marquis yacht yard reveals staunch yacht-building prowess, stalwart construction and incomparable systems dependability. Every Marquis yacht is built to CE Class "A" specification-among the most rigid yacht design and construction standards in the world - an enviable distinction that few other yacht builders can claim.

Marquis is a trustworthy union of reliability, style and luxury recognized and appreciated by experienced yachtsmen throughout the world.

PROTECTING YOUR INVESTMENT.

Our industry-leading 10-5-2 Certified Marquis Warranty ensures you peace of mind. This limited warranty provides a full ten years of protection on the hull and deck structure, five years against blistering of the hull laminate and a comprehensive two-year limited warranty on other manufactured parts.*

The Certified Marquis Warranty may be transferred to a second owner upon the purchase of the Marquis yacht from an authorized Marquis dealer only.**

Just like your home, each Marquis yacht is packed with numerous and varied components, some, carrying their own limited warranty. That's why Marquis' commitment extends well beyond the limits of our warranty. With quality ensured, component vendors are further chosen on the merits of their own warranty, as well as their pledge to your overall satisfaction. Those selected share our unique vision, with a level of urgency, commitment, and resources equal to our own.

* Propulsion system warranties vary in terms of protection. Consult your local Marquis Yachts dealer for details.

** Consult your local Marquis Yachts dealer for details.

Marquis Yachts reserves the right to change without notice, the price, color, materials, equipment specifications, or models. Models may also be discontinued without obligation to previous purchasers. Pictured models may include optional equipment. Always operate your boat taking appropriate safety precautions. Consult your owner's manual.

The essence of a yacht built by Marquis lies in a combination of its outward design and its inner strength. While other yachts may be pretty on the outside, those same yachts are frequently found to be undependable, or require excessive amounts of maintenance. Marquis on the other hand, represents the perfect combination of attractive style and superior construction. Marquis is a yacht built for people who are experienced and knowledgeable in both the ways of the world and of the sea.

Marquis yachts are designed and styled by Nuvolari-Lenard Naval Architects of Venice Italy, one of the most renowned naval design firms in the world. Yachtsmen familiar with contemporary yacht design are familiar with the work of Carlo Nuvolari and Dan Lenard. They have special skills in designing yachts that are distinctive in appearance yet practical in use, and have proven their ability to incorporate striking lines and thoughtful features into every one of the many Marquis yachts they have designed.

A yacht's inner strength comes from selecting the right materials and properly implementing an engineering process that results in consistent construction quality. The Marquis yacht yard is staffed by some of the most experienced nautical engineers and yacht builders in the world. Located within America's heartland of ship and yacht building, Marquis represents literally hundreds of years of combined yacht building experience. Every Marquis yacht is built by experienced craftsmen who have an unyielding passion for building the best yachts in the world.
